Subject: proposed Microsoft settlement and the non-settling states

Sir or Madam,

The non-settling states are getting a far better deal with the current settlement than they deserve. Their goals are to prop up competitors that are very sorry business-people.

Please give them what whining kids deserve most, either a kick in the pants or a new diaper.

Sincerely,

Michael Patrick Chaffey, OCP, CPA
17516 NE 138th St.
Redmond, WA 98052

ps - OCP stands for Oracle Cerified Professional. This certification is about 180 degrees opposite from loving Microsoft products.
